

# HOSPITAL & LONG-TERM CARE DINING SOLUTIONS

Reinventing the Healthcare Servery Experience

## BENEFITS OF WORKING WITH BSI

- Industry leader in design and fabrication of food shields
- Custom counter and servery solutions engineered to your imagination
- Experts in the unique requirements of healthcare environments

## Where Food Safety, Functionality and Flexibility Meet

The food you prepare is at the core of the care you administer to your patients, residents, visitors and staff. That is why we take such great pride in designing and fabricating food shields, custom counters and comprehensive servery solutions specifically tailored to healthcare environments. What we do is about far more than just assembling glass, metal and component parts. At BSI, we support you by offering a safer way to serve the food that provides nourishment and comfort to your acute and extended care campus communities.

## A Few Solutions Recommended for Healthcare Environments

### PROTECTIVE FOOD SHIELDS

- Adjustable glass panels for any height
- 360° angle shelf rotation for self and full-service options
- Easily fits radius or unique counter shapes
- Quick and easy installation

### CUSTOM FABRICATION

- Unparalleled, harmonious design from base and countertop to cabinets and wells
- Simplify sourcing by utilizing a single manufacturer with the industry knowledge to manage your serving line package from start to finish
- Unlimited design options and production capabilities

### COMPREHENSIVE SOLUTIONS

- Installation liaison services
- Project management between all project stakeholders, campus dining and facilities, dealers, consultants, architects, and general contractors to ensure every project is a success
