

# COLLEGE & UNIVERSITY DINING SOLUTIONS

Reinventing the Dining Hall Servery Experience

## BENEFITS OF WORKING WITH BSI

- Industry leader in design and fabrication of food shields
- Custom counter and servery solutions engineered to your imagination
- Experts in the unique requirements of college & university dining halls, retail, concessions, and catering

## Where Food Safety, Functionality and Flexibility Meet

BSI knows that learning is about more than what happens in the classroom. That is why we take such great pride in designing and fabricating food shields, custom counters and comprehensive servery solutions specifically tailored to collegiate environments and the students, faculty and guests that you serve. What we do is about far more than just assembling glass, metal and component parts. At BSI, we support you by delivering the vehicle through which tomorrow's leaders are fed and inspired, one meal and day at a time.

## A Few Solutions Recommended for College & University Campuses

### PROTECTIVE FOOD SHIELDS

- Adjustable glass panels for any height
- 360° angle shelf rotation for self and full-service options
- Easily fits radius or unique counter shapes
- Quick and easy installation
