

PORTABLE PROTECTIVE SHIELDS

> ARMED FORCES

A FLEXIBLE, PORTABLE OPTION TO HELP MITIGATE THE SPREAD OF COVID-19

Protecting our Armed Forces and our Troops is vitally important—now more than ever. If your facility or operation are in need of portable protective shields or barriers, please contact us for solutions to help in reducing the spread of COVID-19.

We have the inventory and infrastructure required to meet quick lead times in order to support you in protecting essential staff and the individuals you serve, during this challenging time.

Portable Protective Shields are ideal for:

- DFAC POS / Cashier Stands
- Grill and Cooking Station Barriers
- Administrative, Reception & High Contact Locations

Portable Protective Shield Features

- Available in lengths of 24", 36" or 48"
- Standard height is 36"
- Standard base is 8"
